

Legacy Yahrzeit Memorial Directions

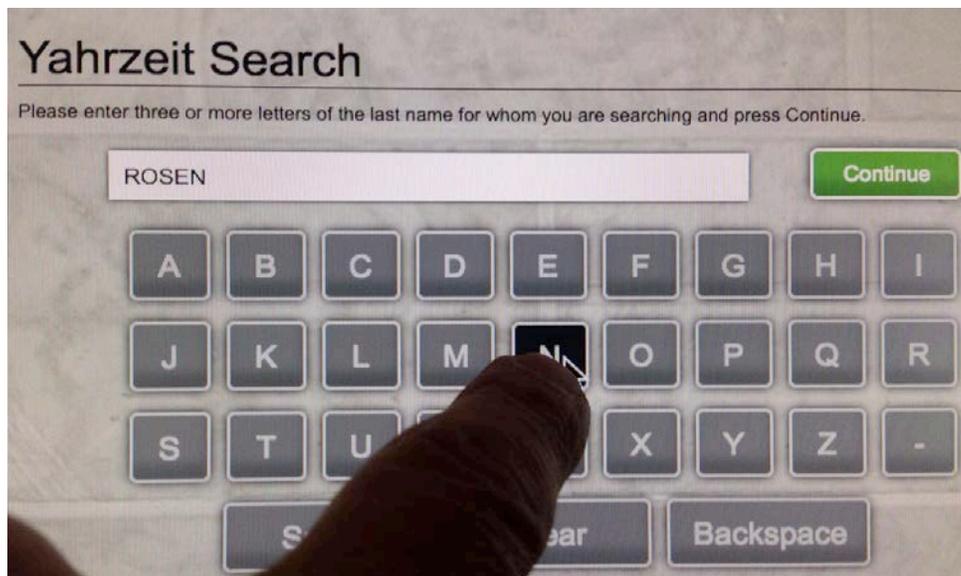

Upon entering the website from the pulldown tab (Legacy Yahrzeit Memorials), under Spiritual Life on the congregations website you will be brought to the Legacy Yahrzeit Memorial home page.

1. If using a SmartPhone or Tablet use you finger to press the appropriate area on the screen. If using traditional computer use your curser.

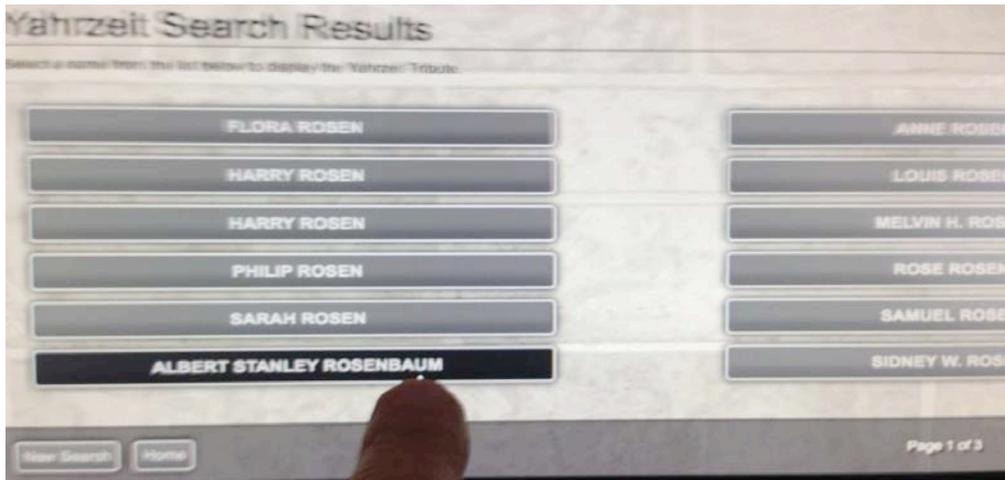

2. Click on the screen anywhere (finger or curser.) At the bottom of the screen it states, "TOUCH SCREEN TO BROWSE YAHRZEIT MEMORIALS" to search for a name.

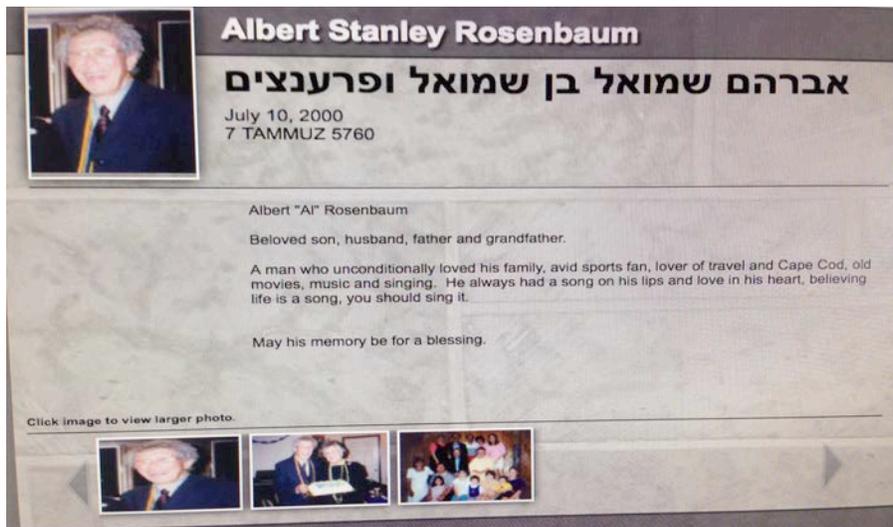

3. Once on this second page, click on the first 3-5 letters of the last name you are looking for and click the green "Continue" tab. Note: Click in the full last name if this gives you to many options.

4. This brings you to all the last names that relate to your searched name. Find the name you are looking for. Note: You may have more than one page of names so click on the button "Next Page" on the bottom right to find the name you want.

4. Click on the name from the list. This will bring you to that specific memorial you are looking for. If the family has enhanced the listing you will find pictures (you can click on them to enlarge) and a biography of the person which if long can be scrolled with the bar to the right of that content.

5. In some cases where the family has given us the information there will be a tab, "Family Relations." Clicking on that will bring you to a page with relatives of the person you searched on. Note: If you don't see the tab then we don't have that information..

6. Click on the tab "New Search" to go back to the search page.

7. Weekly Yahrzeit Listings will be scrolled on the home page during their week of the memorial remembrance.
